Educational consulting

and support in finding the right
educational direction

Information – Initial consultation –
strengthening of competence

Educational consulting

Are you looking for the right career path? Would you like to reorient your career or are you striving for further education?

Bildungsberatung (educational consulting) Nuremberg supports you in your search for the educational path which best suits your personal situation. In a personal and in-depth discussion, the Education Consultancy team provides:

- Information on vocational and personal educational opportunities and their requirements
- Support in the identification and enhancement of your personal competencies
- Joint identification of your individual educational needs
- Joint development of an individual education plan and recommendation of concrete steps to reach your personal goal
- Independent advice on suitable educational offers in Nuremberg and information on what to look out for when choosing educational programs
- Information on various financing options for your participation in educational programs

In addition to general educational counselling, the counselling centre also informs and advises on related topics such as job support, recognition of foreign degrees and language counselling or mediates to the relevant department within the Bildungszentrum or in the network.

We advise you personally and know how we can help you! We look forward to talking with you!

Job support in educational counselling

Conditions for participation:

- Asylum seekers with good prospects for staying (as of September 2017: Syria, Iraq, Iran, Somalia and Eritrea)
- People entitled to asylum and their families
- People from 25 years of age
- Residence in Nuremberg

We support you with the following questions:

- Would you like to find a job or a placement and you need support?
- Do you need support in contact with companies?
- Would you like to know how you can use your previous professional experience in Germany?
- Do you need general orientation about job profiles in Germany?
- Would you like to find out about the opportunities and requirements for training or further education?
- Do you have certificates which you would like to have recognized?

We are here for you!

For appointments, please contact our BZ service office at Gewerbemuseumplatz 1

The "Jobbegleiter" is a joint project of NOA gGmbH and the Bildungszentrum (BZ) the city of Nuremberg. This project is funded by the Bavarian State Ministry of the Interior, for Sport and Integration (StMI-SI) from the Labour Market Fund.
